

THE MACKINNON PROJECT

INVITES YOU TO A SEMINAR ON

The “Good Oil” on Lamb Finishing Systems

Wednesday 13th November 2019 at 9.30am

University of Melbourne Faculty of Agricultural & Veterinary Science

Large Lecture Theatre

250 Princes Highway, Werribee, Vic 3030

There has been considerable interest in lamb finishing systems in recent years, driven by very high lamb prices. This seminar will examine issues relating to finishing, including when it is worthwhile and whether it should be a permanent or opportunistic part of your system. We will also debunk some myths relating to finishing. The principles discussed in this seminar are translatable to most livestock enterprises and are relevant to drought management.

SEMINAR PROGRAM

Registration	9.00 am
Welcome and Opening remarks	9.25 am
